REVENUE SECRETARY GOVERNMENT OF MYSORE D 24/1

Sir,

Subject - Revision of Octroi Bye Laws in the Hunsur Town Municipality

---

In forwarding herewith thefile of correspondecne ending with the President's report No D C 24/46-47 dated 23rd December 1946 on the above subject I have the honour to state that with a view to improve the revenue of the Municipality in pursuance of instructions given from time to time during inspections, the Council, decided to levy octroi on certain additional articles (Oils and building materials) and issued a Isthihar on 10-7-1946 calling for objections if any within a month from the date of its publication It was given wide publicity as may be seen from a large number of signatures affixed to it in token of having acknowledged it

2 Objection was raised by a few merchants of residents on 17-7-1946, to the raising of the rate of octroi on oil to Rs 0-4-0 per maund on the ground that other Municipalities were charging only one anna per maund and that the levy would cause hardship and loss to them This objection petition is enclosed in the file Except this, there were no other objections

3 The objection received was considered by the Council which met on 28-10-1946 The rate on oil was reduced to half the rate notified and on "other kinds of Timber" to 3 pies per C ft , The amended schedule of articles with their rates as passed by the Council is enclosed together with the

the copy of the Resolution

4 As all the required formalities have been observed and objections raised have been met by, allowing reasonable reduction, I request that Government may be moved to sanction the Bye-laws as modified very early

I have the honour to be,
Sir,
Your most obedient servant,

DEPUTY COMMISSIONER I/C,

Docket Abstract

Sir,

With reference to the correspondence ending with your letter No D3 C1536/46-47 dt 15-11-47 in regard to the levy of octroi duty on certain articles in the Hunsur town mcty, I am directed to request you kindly to furnish information on the following points —

(1) Would it be Possible for the mcty to keep all the articles in the bonded warehouse for a week continuously?

(2) What are the arrangements made for guarding the warehouse?

(3) Would not the present proposal to store articles for a week in the warehouse reduce the income of the mcty to a considerable extent?

(4) What is the income now earned by storing the articles in the warehouse for more than 24 hours during the last three years?

What would be the income expected by allowing articles to remain in the bonded warehouse for a longer period than as proposed at present

Rule 168 of the 1916 Act may also be referred to in this connection

The records accompany

(6) This exempts the present stock of actually imported articles but if duty is reviewed on different kinds of timber at any future date would not the owners of timber in the bonded warehouses at that time be in a position to claim exemption from the new duty as it would otherwise amount to double duty

(1) Would it be possible for the municipality to keep all the articles in the bonded ware house for a week continuously?
(2) What are the arrangements made for guarding the ware house?
(3) Would not the present proposal to store articles for a week ~~xxxxxxxxx~~ in the ware house reduce the income of the municipality to a considerable extent?
(4) What is the income now earned by storing the articles in the ware house for more than 24 hours during the last three years?
(5) What would be the income expected by allowing the articles to remain in the ware house for seven days as proposed at present?
(6) It is seen from the present list of articles on which octroi is levied that the duty is recovered on different kinds of timber at 8 annas per cart load In view of this fact, why a further levy of octroi on the basis of "cubic feet of timber" is now proposed may also be clarified, as it would otherwise amount to a double levy?

Rule 165 of the M A.M may also be referred to in this connection

Sir,

Subject - Levy of Octroi duty on certain articles in the Nunsur Town Municipality

---

Adverting to your letter No, L 11623 dated 8-12-47 calling for information on certain points raised therein, relating to the above, subject, I have the honour to forward herewith a detailed report No I C 24/46-47 dated 25th Jan 48 received from the President, Town Municipal Council, Nunsur, answering all the points raised serially There has been no instance of deposit of goods for a week till now and provision is made to meet the contingency and the Municipality undertakes to make proper arrangement to guard them This proposal is stated not to affect the income of the Municipality also as duties will have been recovered on the articles imported The object is also to help the importers and those importers who have to keep balance of articles unsold in shardies for which they will have paid duty already The income derives from storing for more than 24 hours is very small as seen from the report The Municipality has also no separate warehouse The proposed duty on timber does not amount to double levy as the old rate per Cart would be discontinued after the new rate per cubic feet is introduced The present system is said to be resulting in loss to the Municipality and the bye laws as now amended are expected to improve matters and bring about an improvement in revenue on the whole I request therefore that the proposal may be sanctioned early as recommended
